A hello from Broomfield!

Hello everyone...

I hope that you had a good break over Easter and that the Easter Bunny found a way to drop off some Easter Eggs for you...

We have a busy term ahead of us again with lots of learning to continue with. It is important that you try and do as much of the work as you can and send it to your teachers using Seesaw/Tapestry. We know it is not the same as being in school but we do expect work to be completed daily. Your parents/families might still be having to work from home so you should be able to complete most of the work given to you by yourself. (You might just need help to upload it.)

You are all expected to read every day with many of you needing to practise your times tables and spellings too. There are lots of good websites for you to practise your tables on.

Your teachers are going to let me know who has sent work back to them and if we haven't had any from you after a few days I will get in touch to see how things are and what help you might need. If you have not used Seesaw yet and you have lost your login then ask a parent to send a message to Mrs Burditt through Studybugs and we can send you one.

The work that has been sent so far has been really good and you are showing just how very creative you can be with your videos and pictures etc... Please drag and drop multiple files into the upload box when you have finished rather than doing it one by one—especially any maths sheets etc...

Interesting websites with extra ideas if you finish your work each day:

<https://www.pobble365.com/> Has a different picture each day with a writing activity and some questions you can answer.

<https://nrich.maths.org/> Lots of interactive games and investigations if you want to challenge yourself.

<https://hourofcode.com/uk/learn> If you want to have a go at programming and gaming.

<https://www.nhm.ac.uk/visit/virtual-museum.html> If you are interested in natural history and dinosaurs!

P.S. Did you guess my cartoon character from the last newsletter?
Answer: Velma from Scooby-Doo

Have a great week everybody and keep safe ... until next time!
Goodbye from Miss Allison & Clover—(who likes to try and sleep in the kitten's bed!)

A hello from Broomfield!

Messages for families...

Dear all

I hope that you managed to get a break over the Easter period...

The new Government FSM voucher scheme (Edenred) is in place and those parents eligible should receive the vouchers shortly. If your circumstances have changed with work and you think you might qualify please see the Easter newsletter sent out on 10th April as it had the details on of how to check eligibility.

Our staff are sending work out daily by Seesaw (Y1-Y6) and Tapestry (Foundation). There is an expectation that the children complete all of it each day and send it back for it to be looked at by their teachers. The work set should be able to be completed as independently as possible to allow you to still work from home where needed. The children may need help uploading the work however. If the work is too difficult then please let me know and I can pass that on to your child's class teacher and we will address it for you.

You will also notice that we are sending out a Microsoft form for you to fill in. This is a virtual register. The school has to be able to account for the safety and well-being of all it's pupils doing our temporary closure. By completing it you are letting me know that everybody is safe and well. There is a box at the end for you to type comments in—please let me know how things are going at home and if there is anything else that we can be doing as a school to help you and your family. I would be grateful if you can make sure that you have completed it by 4pm Tuesday as it gives me time to follow up any families that I haven't heard from.

We are currently discussing what our school reports will look like this year. Despite what might happen next with schools - we will still be sending out a report for your child before the end of term. It will be a slightly reduced format but aims to cover the progress made so far as well as commenting on personal achievements too.

Should you need to get in touch with us, we are picking up emails daily, checking Studybugs daily and our emergency phone numbers are on the school website in the Parents section under the COVID-19 area.

Have a good week and take care everybody...

Miss Allison
