A hello from Broomfield!

Hello everyone

Welcome from a sunny Broomfield. I hope that you all had a great weekend, I managed to get out and do two walks so was happy with that.

Even though many of you have not been at school since March, the quality of work you are producing is still brilliant! More work goes on the website weekly so check and see if any of yours is there!

I am not sure if any of you had a go at making a kite last week but I hope that some of you tried. This week I have found some more websites for you to have a look at.

<https://www.exploratorium.edu/learn#parents> - if you like science and experiments.

<https://www.almanac.com/kids> - filled with fun facts and a question of the day.

<https://www.dkfindout.com/uk/> - a general website with lots of different subject areas to choose from

<https://www.3dgeography.co.uk/> - for geography fanatics

Leicestershire libraries have also got the Summer reading Scheme ready and there is a link to that if you want to take part over the summer. It will be a digital challenge and involves listening to books. You need to make sure that you are set up with a pin code and I have put the link on the next page for parents to help with that. It would be great if lots of you signed up to take part.

A hello from Broomfield!

Messages for families...

Dear all

We are still planning ahead and with each day passing there is a bit more clarity over what our return to school might look like after the summer. The school continues to work closely with the Trust and we will share any updates with you as soon as we have them.

On the children's page is a link for the Summer Reading Challenge. This summer Leicestershire Libraries are delivering the all-new **Digital Only** Summer Reading Challenge (from The Reading Agency) so that they can reach as many children and families as possible.

The link is here for you to sign up. <https://summerreadingchallenge.org.uk/>

Last week the Trust sent out a link in their letter to ask for your views on how well your child has done with their home-learning. Below is a link for you to complete our feedback form. Ours has similar questions but asks for more detail about how well your child has done and asks for what you feel they might need to work on when we come back. Please be honest with us as we need a clear picture of starting points for our children. If possible please complete it by the end of the week—we appreciate that for those of you with more than one child it will take longer to complete.

Thank you again for your support—take care please.

Miss Allison
