

# ***SPECIAL EDUCATIONAL NEEDS POLICY***

## Policy reviewed - January 2023

Signed \_\_\_\_\_

Headteacher

\_\_\_\_\_

Governor

This policy was disseminated to *Governors, Staff*, (for inspection in the school office).

### Legislative Compliance

This policy complies with the guidance given in **Statutory Instrument: Special Educational Needs (Information) Regulations (Clause 64)**. It has been written as guidance for staff, parents or carers and children with reference to the following guidance and documents.

SEN Code of Practice (which takes account of the SEN provisions of the SEN and Disability Act 2001) September 2014

Ofsted Section 5 Inspection Framework January 2014

Ofsted SEN Review 2010 "A Statement is not enough"

Equality Act 2010

Education Bill 2011

Children and Families Act 2014

### Inclusion Statement

- We endeavour to achieve maximum inclusion of all children (including vulnerable learners) whilst meeting their individual needs.
- Teachers provide differentiated learning opportunities for all the children within the school and provide materials appropriate to children's interests and abilities. This ensures that all children have a full access to the school curriculum.
- Special Educational Need might be an explanation for delayed or slower progress but is not an excuse, and we make every effort to narrow the gap in attainment between vulnerable groups of learners and others.
- English as an Additional Language (EAL) is not considered a Special Education Need. Differentiated work and individual learning opportunities are provided for children who are learning EAL as part of our provision for vulnerable learners.
- We focus on individual progress as the main indicator of success.
- We strive to make a clear distinction between "underachievement" - often caused by a poor early experience of learning - and special educational needs.
  - Some pupils in our school may be underachieving but will not necessarily have a special educational need. It is our responsibility to spot this quickly and ensure that appropriate interventions are put in place to help these pupils catch up.
  - Other pupils will genuinely have special educational needs and this **may** lead to lower-attainment (though not necessarily to under-achievement). It is our responsibility to ensure that pupils with special educational needs have the maximum opportunity to attain and achieve in line with their peers. Accurate assessment of need and carefully planned programmes, which address the root causes of any learning difficulty, are essential ingredients of success for these pupils. These will be provided, initially, through additional support funded from the school's budget.

## Aims and Objectives of this Policy

The aims of this policy and practice in this school are:

- To provide curriculum access for all
- To secure high levels of achievement for all
- To meet individual needs through a wide range of provision
- To attain high levels of satisfaction and participation from pupils, parent and carers
- To carefully map provision for all vulnerable learners to ensure that staffing deployment, resource allocation and choice of intervention is leading to good learning outcomes.
- To ensure a high level of staff expertise to meet pupil need, through well targeted continuing professional development.
- To work in cooperative and productive partnership with the Local Authority and other outside agencies, to ensure there is a multi-professional approach to meeting the needs of all vulnerable learners.
- To "promote children's self-esteem and emotional well-being and help them to form and maintain worthwhile relationships based on respect for themselves and others".  
(National Curriculum, 2000).

**1. Information about the school's policies for the identification, assessment and provision for pupils with special educational needs, whether or not pupils have EHC Plans, including how the school evaluates the effectiveness of its provision for such pupils.**

**and**

**2. The school's arrangements for assessing the progress of pupils with special educational needs**

In agreeing these staged arrangements, the school has taken into account the following statements and definitions :

*"Defining achievement in terms of the number of targets on an individual education plan achieved across a given time rarely ensured rigorous evaluation of provision or pupils' progress. What made the difference to higher outcomes was effective target-setting within the curriculum or personalised programme as part of a whole-school policy on assessment."*

***'Inclusion: does it matter where pupils are taught?' (Ofsted, 2006a)***

*"Special educational provision is educational or training provision that is **additional to or different from**" that made generally for others of the same age. This means provision that goes beyond the differentiated approaches and learning arrangements normally provided as part of high quality, personalised teaching"*

***SEN Code Of Practice (2014)***

*This is not necessarily "more literacy" or "more maths" but would be interventions which address the underlying learning needs of the pupil in order to improve his or her access to the curriculum."*

**"Achievement for All" (National Strategies: 2009)**

*Across all the education providers visited, the keys to good outcomes were good teaching and learning, close tracking, rigorous monitoring of progress with intervention quickly put in place, and a thorough evaluation of the impact of additional provision.*

**Ofsted SEN Review 2010**

*"Ensuring that schools are clear about their provision that is normally available for all children, including targeted help routinely provided for those falling behind and the additional provision they make for those with SEN, should simplify the process of planning the right help at school level" (p68)*

**SEN Code of Practice 2014**

**STAGE 1 Well-differentiated, quality first teaching, including, where appropriate, the use of Wave 1 or Wave 2 Interventions. All vulnerable learners to be included on a whole-school provision map.**

- All learners will have access to quality first teaching.
- Some vulnerable learners will have access to Wave 1 or Wave 2 interventions. These will probably be pupils who are underachieving and have been identified by the school as needing to make accelerated progress but will not necessarily be pupils with special educational needs. This is considered to be a differentiation of the usual school curriculum - not a special intervention for pupils with SEN.
- All vulnerable learners will be included on a detailed whole-school provision map which outlines and monitors all additional intervention across the school. The whole school provision map enables the school to:
  - Plan strategically to meet pupils' identified needs and track their provision.
  - Audit how well provision matches need
  - Recognise gaps in provision
  - Highlight repetitive or ineffective use of resources
  - Cost provision effectively
  - Demonstrate accountability for financial efficiency
  - Demonstrate to all staff how support is deployed
  - Inform parents, LEA, external agencies and Ofsted about resource deployment
  - Focus attention on whole-school issues of learning and teaching as well as individual needs, providing an important tool for self-evaluation.

#### **Identification and Assessment at Stage 1**

Children's needs should be identified and met as early as possible through :

- the analysis of data including entry profiles, Foundation Stage Profile scores, reading ages, other whole-school pupil progress data

- classroom-based assessment and monitoring arrangements. (Cycle of planning, action and review.)
- following up parental concerns
- tracking individual children's progress over time,
- liaison with feeder nurseries on transfer
- information from previous schools
- information from other services
- maintaining a provision map for all vulnerable learners but which clearly identifies pupils receiving additional SEN Support from the school's budget or in receipt of High Needs funding. This provision map is updated termly through meetings between the teachers and SENCO.
- Undertaking, when necessary, a more in depth individual assessment - this may include a range of commercially available assessments, carefully chosen to deliver appropriate, useful information on a pupil's needs.
- Involving an external agency where it is suspected that a special educational need is significant.

### Curriculum Access and Provision for vulnerable learners

Where children are underachieving and/or identified as having special educational needs, the school provides for these additional needs in a variety of ways and might use a combination of these approaches to address targets identified for individual pupils.

- teachers differentiate work as part of quality first teaching
- Wave 1,2,3 interventions
- other small group withdrawal
- individual class support / individual withdrawal
- further differentiation of resources,
- homework/learning support club
- IEP tutorials

### Monitoring and Evaluation

The monitoring and evaluation of the effectiveness of our provision for vulnerable learners is carried out in the following ways:

- classroom observation by the SENCO and/or senior leaders.
- ongoing assessment of progress made by intervention groups
- work sampling on a termly basis.
- scrutiny of planning.
- teacher interviews with the SENCO
- informal feedback from all staff.
- pupil interviews when setting new IEP targets or reviewing existing targets
- pupil progress tracking using assessment data (whole-school processes)
- monitoring IEPs and IEP targets, evaluating the impact of IEPs on pupils' progress.
- attendance records and liaison with EWO.
- regular meetings about pupils' progress between the SENCO and the head teacher
- head teacher's report to parents and governors

## Stage 2 Additional SEN Support

- Pupils will be offered additional SEN support when it is clear that their needs require intervention which is "additional to" or "different from" the well-differentiated curriculum offer for all pupils in the school ie they have a special educational need as defined by the SEN Code of Practice 2014.
- In keeping with all vulnerable learners, intervention for pupils on the SEN list will be identified and tracked using the whole-school provision map.
- It may be decided that a very small number, **but not** all of the pupils on the SEN list will require additional High Needs funding, for which an application needs to be made to the Local Authority, to ensure their underlying special educational need is being addressed. This may particularly be the case where outside agencies have been involved in assessing the pupil or contributing to their provision. Where the school can evidence that more than £6,000 above the Average Weighted Pupil Unit has, or will need to be, spent on a pupil within any one financial year, in order to meet his or her special educational needs, an application will be made to the Local Authority, with particular regard to the success criteria and SEN Descriptors published as part of the local offer.
- On very rare occasions, where a pupil has a significant, severe and sustained need, it may be necessary to enter a multi-disciplinary assessment process with health and social care in order to consider the need for an Education Health and Care Plan.
- Where a pupil is in receipt of High Needs Funding and/or an Education Health and Care Plan, a decision will be made as to whether a short-term Individual Education Plan is required.
- Our approach to IEPs, which we recognise are no longer prescribed in the SEN Code of Practice 2014, is as follows:
  - Our IEPs are a planning, teaching and reviewing tool which enables us to focus on particular areas of development for pupils with special educational needs. They are seen as working document which can be constantly refined and amended.
  - Our IEPs will only record that which is *additional to* or *different from* the differentiated curriculum plan which is in place as part of provision for all children. Targets will address the underlying reasons why a pupil is having difficulty with learning - they will not simply be "more literacy" or "more maths".
  - Our IEPs will be accessible to all those involved in their implementation - pupils should have an understanding and "ownership of the targets".
  - Our IEPs will be based on informed assessment and will include the input of outside agencies,
  - Our IEPs have been devised so that they are manageable and easily monitored and therefore will be monitored and evaluated regularly.
  - Our IEPs will be time-limited - at (at least) termly review, there will be an agreed "where to next?"
  - Our IEPs will have a maximum of four short / medium term SMART targets set for or by the pupil.
  - Our IEPs will specify how often the target(s) will be covered
  - Our IEPs will state what the learner is going to learn - not what the teacher is going to teach and will be clear about what the pupil should be able to do at the end of the given period.

- Targets for an IEP will be arrived at through :
  - Discussion between teacher and SENCO
  - Discussion, wherever possible, with parents/carers and pupil
  - Discussion with another professional(after long discussion it has been decided not to prescribe an order of events - the precise order for this will vary from pupil to pupil).
- Our IEPs will be reviewed at least termly by class teachers in consultation with the SENCO.

### **Stage 3 Statement of Special Educational Needs or Education Health and Care Plan**

- Pupils with a statement of educational needs (pre September 2014) or an Education Health and Care Plan (post September 2014) will have access to all arrangements for pupils on the SEN list (above) and, in addition to this, will have an Annual Review of their statement/plan.
- Our school will comply with all local arrangements and procedures when applying for
  - High Needs Block Funding
  - An Education Health and Care Planand will ensure that all pre-requisites for application have been met through ambitious and pro-active additional SEN Support using our devolved budget at an earlier stage.
- Our review procedures fully comply with those recommended in Section 6.15 of the Special Educational Needs Code of Practice and with local NCC policy and guidance - particularly with regard to the timescales set out within the process.

### **Inclusion of pupils who are looked after in local authority care**

Our school recognises that:

- Children who are looked after in local authority care have the same rights as all children but may have additional needs due to attachment issues, early neglect, separation and loss, trauma and many placement moves. These barriers to learning can affect their educational outcomes and their personal, social and emotional development.
- There are commonly understood reasons (Social Exclusion Unit Report :2003] why children who are looked after in local authority care often fail to make expected progress at school :
  - Placement instability
  - Unsatisfactory educational experiences of many carers
  - Too much time out of school
  - Insufficient help if they fall behind
  - Unmet needs - emotional, mental, physical
- There is a statutory requirement for all schools to have a designated teacher (DT) for looked after children. (The name of the current designated teacher at our school is given at the end of this inclusion policy). The responsibilities of our designated teacher include:
  - monitoring the progress of children who are 'looked after' to ensure that they have the best life chances possible and access to the full range of opportunities in school

- ensuring that children who are 'looked after' have access to the appropriate network of support
- checking that the statutory Personal Education Plan (PEP) has been arranged and that it is regularly reviewed, at least every six months
- ensuring that information concerning the education of children who are 'looked after' is transferred between agencies and individuals
- preparing a report on the child's educational progress to contribute towards the statutory review. (These are usually held at six monthly intervals or more frequently if there is a concern)
- discussing feedback from the statutory review (chaired by the Independent Reviewing Officer) with social workers and, where necessary, the carers and a member of the Education of children in care service (ECIC).
- liaising with the child's social worker to ensure that there is effective communication at all times
- celebrating the child's successes and acknowledge the progress they are making.

Our school will work closely with the county's ECIC for Children which promotes the educational needs of Looked After Children and monitors admissions, PEP completion, attendance & exclusions.

### **3. The name and contact details of the SEN co-ordinator.**

Tel: 0116 2606704

### **Management of Inclusion within our school**

The head teacher and the governing body have delegated responsibility for the ongoing implementation of this Policy to the Special Educational Needs Coordinator (SENCO). The SENCO is responsible for reporting regularly to the head and the governor with responsibility for SEN on the ongoing effectiveness of this policy.

**All staff in school have a responsibility for maximising achievement and opportunity of vulnerable learners** - specifically, all teachers are teachers of pupils with special educational needs Staff are aware of their responsibilities towards all vulnerable learners and a positive and sensitive attitude is shown towards all pupils at all times.

### **Headteacher**

- the headteacher is responsible for monitoring and evaluating the progress of all pupils and for making strategic decisions which will maximise their opportunity to learn
- the head teacher and the governing body will delegate the day to day implementation of this policy to the Special Educational Needs Coordinator (SENCO)
- the head teacher will be informed of the progress of all vulnerable learners and any issues with regard to the school's provision in this regard through:

- analysis of the whole-school pupil progress tracking system
- maintenance and analysis of a whole-school provision map for vulnerable learners (could be devolved to another member of the SLT and SENCO)
- pupil progress meetings with individual teachers
- regular meetings with the SENCO
- discussions with pupils and parents

### Special Educational Needs Coordinator

In line with the recommendations in the SEN Code of Practice 2014, the SENCO will oversee the day- to-day operation of this policy in the following ways:

- maintenance and analysis of whole-school provision map for vulnerable learners
- identifying on this provision map a staged list of pupils with special educational needs - those in receipt of additional SEN support from the schools devolved budget, those in receipt of High Needs funding and those with statements of Special Educational Need or Education Health and Care plans
- co-ordinating provision for children with special educational needs
- liaising with and advising teachers
- managing other classroom staff involved in supporting vulnerable learners
- overseeing the records on all children with Special Educational Needs
- liaising with parents of children with SEN, in conjunction with class teachers
- contributing to the in-service training of staff
- implementing a programme of Annual Review for all pupils with a statement of special educational need. Complying with requests from an Education Health and Care Plan Coordinator to participate in a review.
- carrying out referral procedures to the Local Authority to request High Needs funding and/or an Education Health and Care Plan when it is suspected, on strong evidence arising from previous intervention (additional SEN support from devolved budget), that a pupil may have a special educational need which will require significant support,
- overseeing the smooth running of transition arrangements and transfer of information for Year 6 pupils on the vulnerable learners' provision map.
- monitoring the school's system for ensuring that Individual Education Plans, where it is agreed they will be useful for a pupil with special educational needs, have a high profile in the classroom and with pupils (see section below on Individual Education Plans).
- evaluating regularly the impact and effectiveness of all additional interventions for all vulnerable learners (including those with special educational needs).
- meeting **at least** termly with each teacher to review and revise learning objectives for all vulnerable learners in their class who are being tracked on the school's provision map (school managers will guarantee planning and preparation time for teachers and SENCO to ensure that these meetings occur).
- liaising sensitively with parents and families of pupils on the SEN list, keeping them informed of progress and listening to their views of progress.
- attending area SENCO network meetings and training as appropriate.
- Attending STEP SEN meetings
- liaising with the school's Inclusion Governor, keeping him/her informed of current issues regarding provision for vulnerable learners, including those with Special Educational Needs (nationally, locally and within school).
- liaising closely with a range of outside agencies to support vulnerable learners,

### Class teacher

- liaising with the SENCO to agree :
  - which pupils are underachieving and need to have their additional interventions monitored on a vulnerable learners' provision map - but do not have special educational needs.
  - which pupils (also on the provision map) require additional support because of a special educational need and need to go on the school's SEN list. Some of these pupils may require advice/support from an outside professional and, therefore, an Individual Education Plan to address a special educational need (this would include pupils with statements/EHC Plans)
  
- securing good provision and good outcomes for all groups of vulnerable learners by :
  - providing differentiated teaching and learning opportunities,
  - ensuring there is adequate opportunity for pupils with special educational needs to working on agreed targets which are genuinely "additional to" or "different from" those normally provided as part of the differentiated curriculum offer and strategies". (SEN Code of Practice 2013)
  - ensuring effective deployment of resources - including teaching assistant support - to maximise outcomes for all groups of vulnerable learners.

**4. Information about the expertise and training of staff in relation to children and young people with special educational needs and about how specialist expertise will be secured.**

- In accordance with Section 6 of the SEN Code of Practice 2014, if appointed after September 2008, our Special Educational Needs Coordinator will be a qualified teacher working at our school and will have statutory accreditation. If a new SENCO is appointed, he/she will gain statutory accreditation within three years of appointment.
- The SENCO will regularly attend local network meetings
- All staff will be trained in how to best support all vulnerable learners in order to maximise their achievement as part of the school development plan and annual schedule of continuous professional development.
- Specialist advice and expertise in relation to assessment and support of individual pupils will be commissioned by the school from the open market. Service level agreements and quality assurance criteria will be put in place at the point of commissioning and the headteacher and senior leaders will be responsible for reporting to governors on the efficacy of these arrangements (including value for money). Our school will, wherever possible, join with other schools in joint commissioning and quality assurance arrangements.
