

History Long Term Overview – 2023/2024

INTENT	<p>Through our History Curriculum at Broomfield, we are passionate about our children being: curious about the past, gaining a secure knowledge and understanding of Britain’s past and that of the wider world, becoming critical thinkers and understanding the process of change. Our History curriculum teaches our children to appreciate the diversity of societies and to understand their own identity.</p> <p>These skills are embedded within history lessons and developed throughout their journey of the history curriculum through deeper learning. By the end of their primary education, our children will have a chronological understanding of British history from Stone Age to present day. They will be able to draw comparisons and make connections between different time periods and their own lives through their understanding of world history.</p> <p>We strive to create a supportive and collaborative ethos for learning by providing investigative learning opportunities. Emphasis is beginning to be placed on analytical thinking which helps children gain a coherent knowledge and understanding of Britain’s past and that of the wider world.</p>

Article	<p>Article 28 Every child has the right to an education. Primary education must be free. Secondary education must be available for every child. Discipline in schools must respect children’s dignity. Richer countries must help poorer countries achieve this.</p> <p>Article 29 Education must develop every child’s personality, talents and abilities to the full. It must encourage the child’s respect for human rights, as well as respect for their parents, their own and other cultures, and the environment.</p>
